I don't think I can willingly transition into a finance monk, it would have to be the result of a breakdown.

It's funny
that when I was a little boy
and super rude,
my mom would yell,
"stop being so fresh!"

But she didn't know
that in Black culture
that meant stylish
and cool.

"Men own women's bodies just like any other property."

"I needed her asshole like crack cocaine."

IT IS BOTH THEIR SURFACE AND THEIR DEPTH
THAT MAKES THEM YOUR PERSONAL ICON.

Nonplussed literally has two meanings that
oppose each other. Look it up. That's how
smart and rational humans are.

Sorry dad, I'm pussypilled.

An artist can't second guess their instincts regarding their art. You're gonna learn a lot about yourself and at times it can be scary, but that's you, for better or worse, lol.

CHAPTER THREE:

Here is my question: If Jewish supremacy is real, why is everyone else so weak? How has such a small percentage of people been able to dominate you? *Isn't that a bit sad that your people, Goyim, are such losers lol?*

Zion is the greatest
irony of all time.

I would never die for a cause.
I would change my opinion to live.

I won't fuck you until your pussy stops crying cunt

I told you
to speak
Engrish!!!!

For a man to be hot all they have to do is expose some of their bigotry and flippantly say female body parts a lot with confidence.

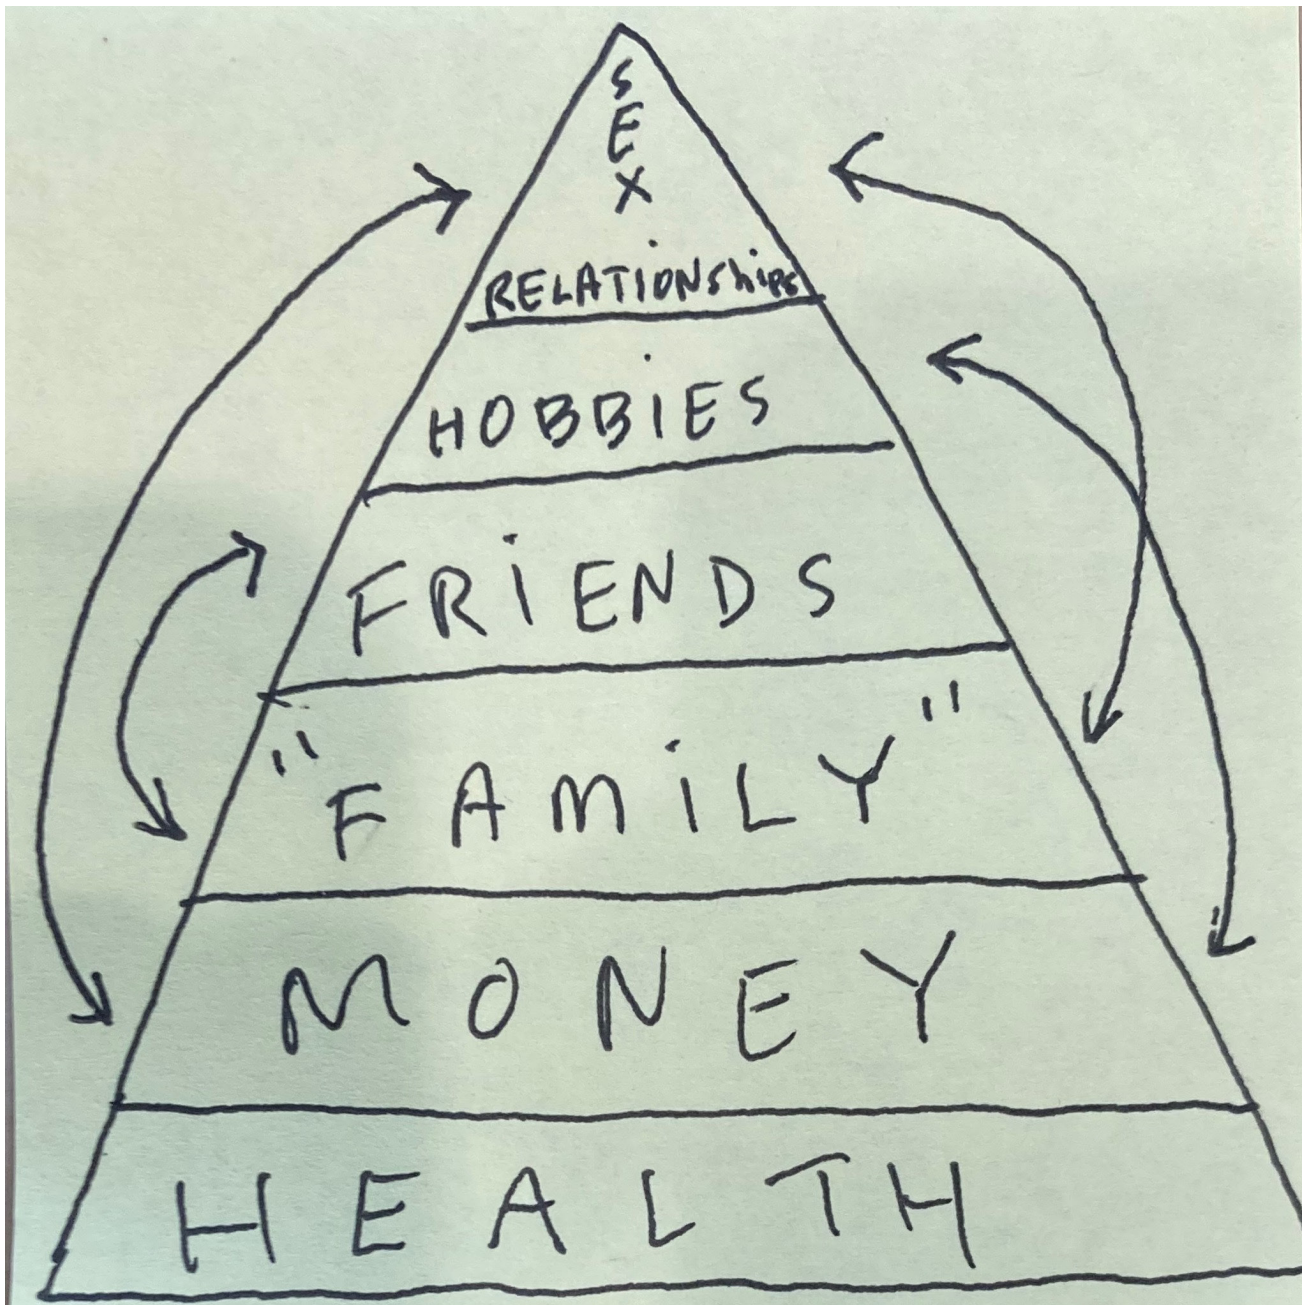

I have to relaly just think about my CV right now, I will call u back soon.

Only women should complain, cry, hurt, be jealous, care about anything. Men have two jobs; be horny, make good money.

Carve a swastika in ur forehead to counter the invasive Jewish brainwaves they are manipulating remotely using advanced neural oscillation PSYOP techniques.

You working out that tight ass is exactly so people don't look at it.

The -1 acknowledges post-truth. It doesn't believe in transcendence; it generates dummy_data.

I actually like being gay, I think it makes me mature.

Ironing is so anti-hetero man.

Old small edition books and records or tapes have the most aura to me because they're meant for a rare few, due to shared cult interest. Singular objects, like a manuscript or original master tape or vinyl remains valuable, but is still a cold body, as it is the ghosts that creates the aura.

**Ur loser bf

SHE LAID DOWN

MY BLACK MARBLE

TABLE AND I

PLAYED WITH

HER TIGHT LITTLE

ASSHOLE

Actual psychotic episodes I've experienced:

For some reason I trespassed a docked cruise ship because I thought there was a big party being thrown for me. Something was calling me to jump into the ocean but thankfully I didn't. Thought a helicopter was coming to pick me up. Cops were called on me and I started kicking their car while handcuffed.

Wandering around uptown and publicly pissed under a Calder sculpture near the IBM building.

Looked at pictures of my dad and I when I was younger and thought it was photoshopped and that he was actually an actor and not my real dad. When I confronted him it became an argument and he thought I was going to hit him. Cops came and I threatened to punch one.

Saw a spinning floating Burberry scarf on the subway. Thought I was in a movie and rambling about Chinese people.

Thought everyone in a psychward was an actor. Interrogating a complete schizophrenic talking nonsense thinking it was fake.

Hallucinating swastikas.

Talking to birds and a clock (my mom mentioned the clock, as I don't recall that one).

Following street signs, thinking it was taking me somewhere imagined.

But your honor I'm Post-Cringe.

CHAPTER

FIVE : you and 2 of your best bros go up to a mansion's bedroom coked the fuck up. there are 10 apple-bottom thicc that asses lined up for you buck naked. all different colors. stroke stroke pass, one by one, over and over again until all y'all nut all over them in exquisite uncontrollable ecstasy.

CHAPTER
FIVE : I WILL BE BOTH HER
GAY AND HER FATHER

I grew up dirt poor in a barn and I was naked with hay in my ass all the time from sleeping on the dirt floor.

My penis stunk like **horse shit** and **rocks**.

I need someone with experience

Marxists are so annoying and gay, all they do is complain all the time. Clean it up wagie! Not my problem.

See, I'm a person that **actually does things**, moves people, invents new logics, inspires hundreds, **maybe thousands** of people with **every form imaginable**. Why would I care what ur lazy ass "thinks"? **Go do something.**

Being responsible for your own mistakes is the first lesson. Then later on, in jobs or family, you become responsible for other's mistakes, which is the second harder lesson.

Lotta peeps say I should do standup. I hate stand-up and I have no interest in entertaining people. I do what I do here just to release endless thoughts that distract me. U think I give a fuck about making some lame comedy fan laugh? Comedians are beta jesters.

When someone gets upset at something you say or do (minus violence obviously) just be like, "oh, I didn't know I was on Earth exclusively for you!"

"It's important to have long conversations with Satan, especially when God keeps you on seen— but to know when you need space, in hope for God to return."

I've never been in a photo with a female tbh. They get embarrassed and run out of frame to safety.

It's cool how the Staples logo includes a staple as the L.
Someone did their homework.

A lot of times what's no one's business is your greatest hurdle.

Q

Beta-jesters NEED you to find them SO funny and cool. It's like the comedic equivalent to "did u cum, did u cum?"

If we still hooking up after 5 months u can't ever say it was bad or regretful no matter how much u want an excuse.
That's cap in case.

I wanna

I wanna get the word NFT tattooed on my cock and
have one person own it,

but it's also available to anyone else too lol.

Bro even in college I got yelled at by teachers.

Having it all but working for it is nothing to celebrate cuz u still have to do stuff, which is lame. Having it all and not really having to work for it is truly something to brag about and believe in God for. That's an actual miracle and worth being grateful for. I only want to be around people who have it all miraculously. Those are the golden children. The children of the rich are the closest to actual angels and supreme beings. We can't judge them or find them less, but actually we must seek them and worship their miraculous birth. It is Marxist in the worst romantic way to validate hard work with pretentious notions of pride. We were simply not blessed by the grace of God like the born wealthy.

When ur 35 and still sort of "scene-y" it's really weird. There's still the "cool" bros taking pictures of rooms full of people, hot girls that all take pictures of themselves naked and pretend to want boyfriends, new gallerists and film people saying how "alternative" they are and so and so. It's all the same shit over and over again, but as an aging-out orbiter who has no more clout to gain, you get a fuller picture; a fuller picture of how to leverage that all, instead of blacking out on god knows what and ditching your 4th job in 3 months.

There's of course a really dark side to Clout. You can become a condom of sorts so people can enter a "space". You can become a currency with tons of fingerprints. You can become a locus instrumentalized to piggy back off of. There's a real cybernetics to it all that you can try to avoid or lean into. What seems to be going on with Donald Crumps is this enlightenment and the difficulty of it all.

Falls out of love in a day, but never falls out of lust;
Hmmm I wonder which one is more "real" and reliable?
I <3 T and A.

CHAPTER

SIX :

that I'll ask myself

**YOU CAN'T RIGHT THE
WRONGS OF THE PAST
BECAUSE THEY WEREN'T

**NOTHING IS MORE ALPHA

Think about it. A woman could theoretically ALWAYS have sex. A man HAS to be aroused. That is a shortcoming and demands a lot from a woman. Because of that, a man has to do MUCH more to truly earn a woman's respect and reciprocity.

It's a biological fact that can't be argued with.

CHAPTER
SEVEN: Michael Jackson

CHAPTER

TEN : I identify as a white male hetero cis Cryptolib. Unless all of that was ordered to be murdered, then I'm something else.

CHAPTER

ELEVEN : Nobody here is as talented or interesting as me so it does get boring, but at least I make mad dough and get nudes. Kind of rules.

CHAPTER

TWELVE : Actors, musicians, magazine writers, models, professional artists, comedians, film people, etc. These are beta people; usually super insecure drug addicts that can't stand themselves. They edit themselves, rehearse, care about what others think, usually OD pretty young or have terrible family lol, which is funny lmao.

CHAPTER

THIRTEEN : I want some homeless pussy now!!!

My sense of humor is literally just making someone feel like shit.

Her white silk ribbon choker was so thin and delicate. It reminded me of her micro G-string disappearing into her smooth bubble butt. It was so easy to move aside to take a peak at that hole that I've grown to know more than my own. That amazing ass had the tiniest white hairs on its cheeks, which you could only see when highlighted by the morning window light

Lotta guys can't beat the dark neg; they're simply not strong enough and don't realize the glorious light (pussy) at the end of the tunnel.

BRUH GET YO ASS TO A JOB

A photograph of a person in a dark shirt and cap looking at a display case in a store. The background shows signs for 'ATM', '646-549-9896', and 'zpro'. A cartoon character with a red cap and blue shirt is overlaid on the right side of the image. The text is overlaid on the image in a white, outlined font.

Excuse me, but to say you figuratively feel lost minimizes the trauma of people who are literally lost. So I think you should be more respectful honestly. Think about it, everyday there are thousands of people that are literally lost and missing and either freaking the fuck out, eating their dead friend, or stuffed in a bag sleeping with the fishes. Wise the fuck up, you are not "lost", u r a metaphor-using overly educated person who goes to Europe to take pictures of yourself in Europe.

I don't mind when women are physically flipping out and stuff as long as there's like lots of moving parts to look at or at the very least bending over nicely.

I was sitting on some steps to an apartment across from work in the morning before I had to go in. A disheveled dirty man came up to me and said he just got out. I said I don't have any cash but I'll give him a cigarette. He took it and sat right next to me, now blocking the whole doorway.

We both lit up and didn't say anything.

Someone came down and was visibly upset we were there but he got through.

For three minutes me and this GUY just had a smoke, not saying one word, except me handing him another cigarette.

Finally, I broke tension by asking how long he did and he said 5 years.

I said, shit I've only done 2.5 days for stupid shit and he smirked.

A minute later of some more silence he started yelling nonsense and I said what's up?

He got up and started screaming at nothing and after I showed no reaction, he just walked away. I went to work thinking, why does this happen to me so much?

my IQ exceptional

“Evil Bienstock” was a conscious performative online artistic process; a cultural face tattoo. It is something to ponder and intellectualize by thinking people. It was my most populist project and the metrics proved that, even though that was not foresighted.

Finance Punk was an online meta-religion that me and Barrett created using Stubbs as an esoteric figurehead. It culminated into Capital yet ultimately undercut itself as Non-BBQ to show its restraint and control. It is about itself and its own development and trajectory.

I hereby admit that I have extreme womb envy, clitoris envy, and full on vulva envy. I also have nice smooth bubble butt envy. Also, I envy that women have a hole that smells very sweet and yummy, while I only have a dirty poopy hole.
